

STEP INTO THE WATERS

Not everyone is called to be a foster parent, but we are **ALL** called to do **something** and there are many ways to make an impact on the foster care system without actually becoming a foster family.

Ankle Deep:

- Commit to pray
- Donate to Hope Bridge - monetarily or tangibly
- Check in with a foster family
- Send a note of encouragement to vulnerable families in our network
- Share about our work and mission to raise awareness

Knee Deep:

- Provide a monthly meal to a vulnerable family in our network
- Offer babysitting for a single mom or foster/adoptive/kinship family
- Organize a fundraiser event at your church
- Become a childcare volunteer for Hope Bridge events

Waist Deep:

- Become a program mentor (training provided)
- Join a care team/wrap around a vulnerable family with consistent support
- Become a monthly financial donor or corporate sponsor
- Sponsor a Hope Bridge event

All in:

- Serve as a Skilled Volunteer - grant writing, event planning, committee involvement, mechanic, electrician, etc.
- Become a CASA
- Become a Respite caretaker
- Launch a Family Advocacy Ministry at your local church
- Become a licensed foster family

How deep is God calling YOU?
